

LETTER FROM THE DIRECTOR OF FINANCIAL AID

Dear University of Southern Nevada Student:

The Office of Financial Aid welcomes you. The primary objective of our office is to provide adequate financial assistance to eligible students through coordination with and full use of all governmental, community, and on-campus resources. Financial aid is available to students through grants, loans, and scholarships. Whatever form your aid package takes, we will design it to help you bridge the gap between the cost of your education and your resources.

Our staff will provide you with individualized attention throughout the application process. We work carefully to deliver that assistance within the framework, regulations, and policies of federal and state aid. Truly, we strive to fund students to the greatest extent possible under the law. We provide intervention and liaison support to resolve any problems related to the student's award. In addition, we take a proactive approach to default management and prevention by performing an active role in loan counseling and delinquency notification procedures.

In short, we are committed to helping you obtain the financial support you need to attend the University of Southern Nevada. Please feel welcome to contact our office with any questions you may have. We are looking forward to hearing from you—and we are ready to help.

Sincerely,

Debra Gambill

Director of Financial Aid

702 968-2004
